DATE: September 25, 1992 Date of Inspection: September 22, 1992
TO: Sy Levine WZ Last Insp. Date:
FROM: William Zenisek Region/District: 106
Facility: Alco Steel Service I.D. #: 197 809 ABG
Address: 525 Rowell Avenue, Joliet, IL 60434
Contact/Title: Mr. Al Cohn, Owner Phone:

A routine inspection was made in accordance with the workplan. There were no recent citizen complaints of air emissions from the facility.

The facility still has an incinerator, but is shutdown and has not operated during the past year. The air permit for the incinerator has expired and Mr. Cohn does not plan to operate the incinerator or renew the incinerator permit at this time.

There are no other air emission sources at the facility. It is recommended that the facility be deleted from EIS and the workplan.
